

MUHAMMAD MAROOF

Full Stack Developer | Mobile & AI Automation Specialist

PROFESSIONAL SUMMARY

Results-driven Full Stack Developer specializing in architecting secure, scalable web and mobile solutions. Proven expertise in the MERN stack, Vue.js, and cross-platform mobile development using Flutter and Ionic. Passionate about AI automation workflows and maintaining high standards of code integrity and security architecture.

EXPERIENCE

Full Stack Developer | Byte Force IT Solutions

Feb 2026 — Present

- Spearheading front-end development for native mobile applications and synchronized web versions.
- Managing cross-platform interface consistency and performance across multiple internal projects.

Full Stack Developer (Contract) | Sairay.pk

Nov 2025 — Feb 2026

- Architected a Flask-based REST API for dynamic inventory and category management.
- Optimized database queries and frontend logic, improving discovery speed by 40%.

Content Lead | GDGoC-UE

Sep 2025 — Present

- Leading technical documentation and content strategy for the university developer community.
- Collaborating on hackathons and technical workshops to foster community growth.

KEY PROJECTS

BytelyAI (SaaS)

Architected the responsive front-end using Vue 3 and Tailwind CSS v4. Implemented secure user authentication and fast state management.

Mentairo (Mobile)

Engineered a mentorship platform using Flutter & Firebase. Integrated Agora SDK for real-time video/audio consultations.

CryptoAnalyzer

MERN stack dashboard with live CoinGecko API integration. Features real-time price tracking and data visualizations.

Ezi Services

Developed a performance-optimized platform with a custom blog engine to boost SEO and user engagement.

Sairay.pk E-Commerce

Built a specialized health care platform using React and Python.

Budget Tracker

Engineered a high-performance SPA using custom in-memory data.
